INTRODUCTION: WHY ARE WE HERE?

WHY VISION ZERO?

The ninth most deadly metro in 2022 would have topped this list five years ago

Every metro above this line is more deadly than the #1 rate five years ago.
(3.28 per 100k people, 2011-15)

DANGEROUS BY DESIGN

The Orange-Kissimmee-Sanford metro area continues to rank as one of the most deadly.

And the average yearly deaths continues to rise.

VISION ZERO ACTION PLAN

The BCC passed a resolution on August 9, 2022, to develop a **Vision Zero (VZ) Action Plan**

The VZ Action Plan will...

- ...offer a multi-disciplinary transportation safety plan.
- ...provide a comprehensive framework to eliminate fatalities and serious injuries on our roadways.
- ...follow a Safe System Approach, an FHWA effort to improve safety culture.

ORANGE COUNTY'S GOAL

Reduce the number of fatalities and severe injuries on the transportation system to zero by 2040.

ZERO FATALITIES IS OUR GOAL

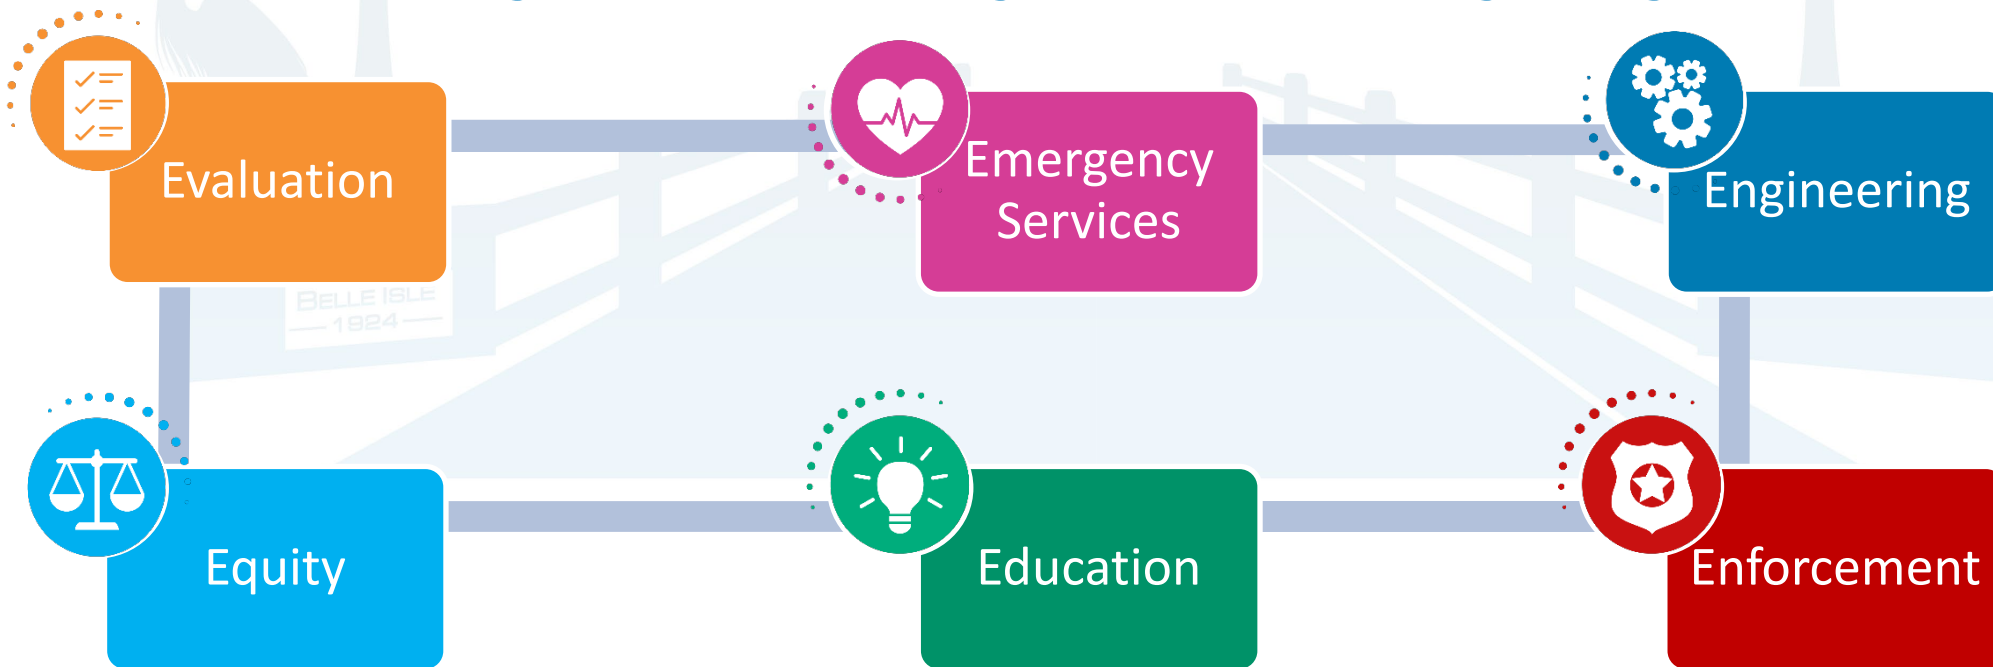

WHAT CAN WE EXPECT FROM THE PLAN?

Data driven **assessment** of transportation safety issues in the County

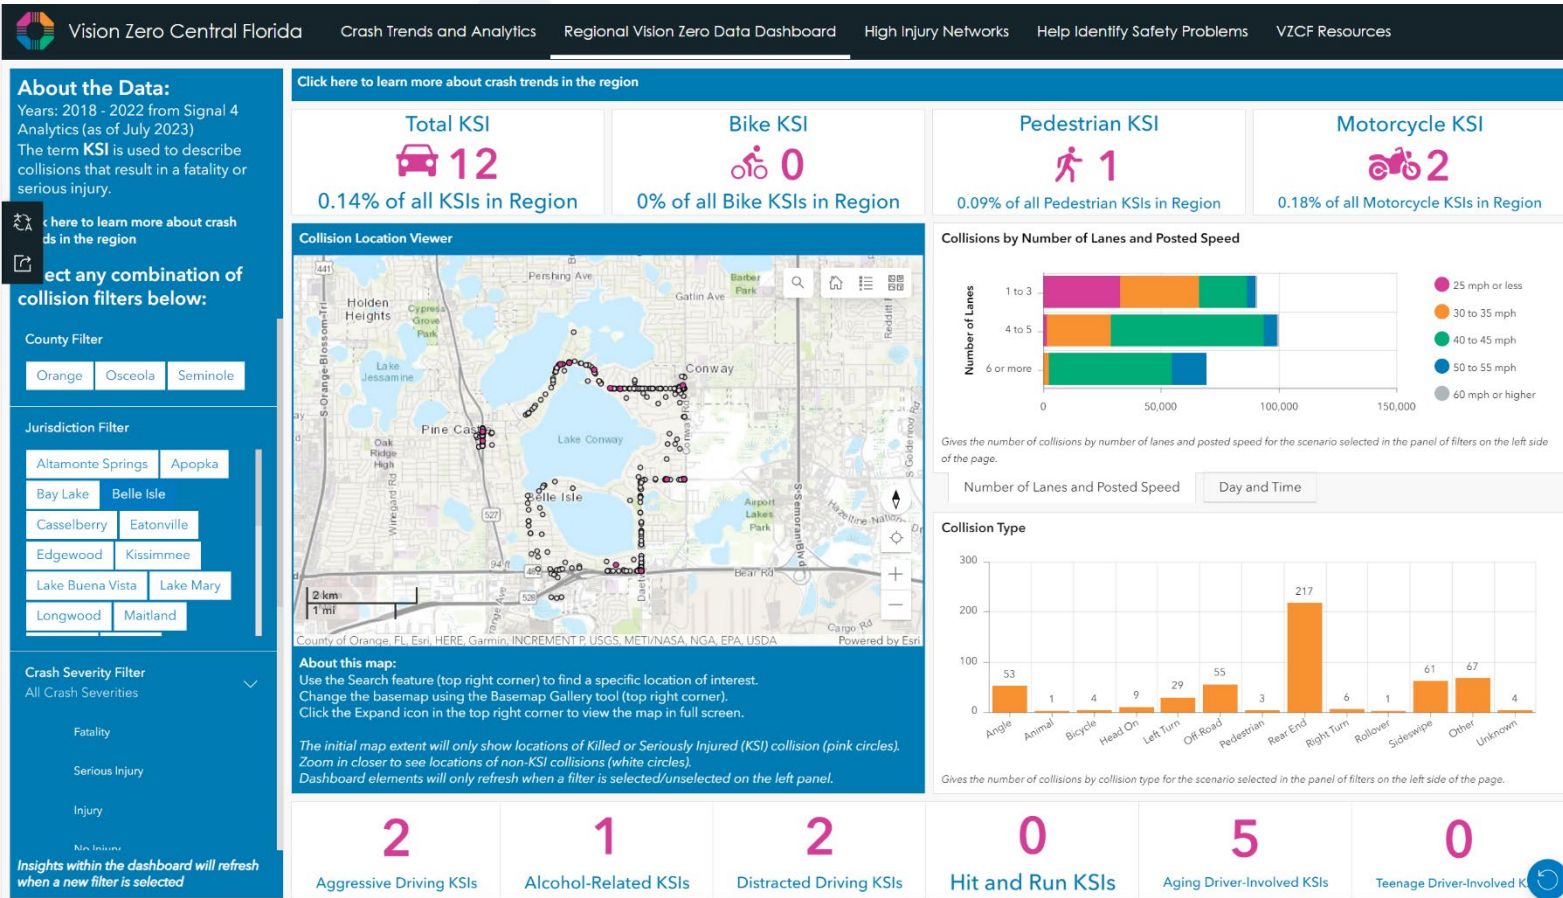

Identification of **safety improvements** to targeted risk areas on the roadway network

Short-, Mid-, and Long-Term actions falling under the following categories:

ZERO FATALITIES IS OUR GOAL

CRASH ANALYSIS

From 2018-2022, there were **0 fatalities and 12 severe injuries** on Belle Isle's roadways.
